SUBJECT INDEX

Airway Management
Airway management [St. John] Aug:79

Alcoholism
Alcohol-related thiamine deficiency and malnutrition [Bridges] Dec:82

Alternative Therapies
Changing the game in the intensive care unit: letting nature take its course [Chapple] June:25

Healing touch therapy makes a difference in surgery unit [Villaire] Feb:104

Music therapy in critical care: indications and guidelines for intervention [Chlan] June:35

Arterial Pressure
Arterial pressure monitoring [Imperial-Perez] Apr:105

Monitoring pulmonary artery pressure [Keckeisen] Dec:88

Asthma
Pharmacological and ventilatory management of acute asthma exacerbations [Burns] Aug:39

Brain Death
Determining brain death [Sullivan] Apr:37

Clinical Nurse Specialists
The synergy model: contemporary practice of the clinical nurse specialist [Moloney-Harmon] Apr:101

Cultural Diversity
Sociological and cultural factors affecting consent for organ donation [Evers] Aug:57

Diabetes Insipidus
Diabetes insipidus: a current perspective [Nickolaus] Dec:18

Dosage Calculation
Preoperative versus postoperative weights: which one should be used for cardiac surgery patients' drug and hemodynamic calculations? [Shawgo] Oct: 57

Electrocardiography
Expanding role of signal-averaged electrocardiography [Gant] Oct: 61

Electrolyte Management
Thyrotoxic hypokalemic paralysis: a case study [O'Neil] Dec:31

Enteral Nutrition
Early enteral feeding of patients with multiple trauma [Cheever] Dec:40

Epoprostenol
Epoprostenol therapy for primary pulmonary hypertension [Cheever] Aug:20

Ethics
Ethical considerations for the critical care nurse [Schroeter] Apr:60

Extracorporeal Membrane Oxygenation
Successful use of ECMO to treat severe respiratory failure in a pediatric patient with a scald injury [Hilt] Feb:17 (correction)

Family
Advanced practice nurses guiding families through systems [Collopy] Oct: 80

Donor family needs: facing death and life [Riley] Apr:53

Family and pet visitation in the critical care unit [Cullen] June:84

Family presence protocol can be a powerful healing force [Petterson] Dec:104

From the family perspective: critical care nurses are a critical link in organ donation [Moritsugu] Apr:14

Making the wait more bearable [Bernard] June:96

Heart Surgery
Improving the care of cardiothoracic surgery patients through advanced nursing skills [Zevola] Feb:34

Early extubation and early activity after open heart surgery [Goodwin] Oct: 18

Hypertension, Pulmonary
Epoprostenol therapy for primary pulmonary hypertension [Cheever] Aug:20

Hypothermia
Continuous arteriovenous rewarming: a bedside technique [Schulman] Dec:54

Infant, High Risk
Caring for critically ill infants: strategies to promote physiological stability and improve developmental outcomes [Taquino] Dec:64

Ischemia
Frequency of ischemia during intracoronary ultrasound in women with and without coronary artery disease [Lau] Oct:48

Munchausen Syndrome by Proxy
Munchausen syndrome by proxy: literature review and implications for critical care nurses [Hughes] June:71

Myocardial Infarction
New era of reperfusion in acute myocardial infarction [Kline-Rogers] Feb:21

Use of measurements of myoglobin and cardiac troponins in the diagnosis of acute myocardial infarction [Murphy] Feb:58

Naloxone
Naloxone infusion and drainage of cerebrospinal fluid as adjuncts to postoperative care after repair of thoracoabdominal aneurysms [Iacono] Oct: 37; correction Dec:85

Neoplasms
Cervical cancer: caring for patients undergoing total pelvic exenteration [Ruth-Sahd] Feb:46

Nursing Practice
Being a good dance partner [Stannard] Dec:86

The day the lights went out: one charge nurse's nightmare [Small] June:79

Building a clinical advancement program [Czerwinski] Aug:72

Linking patient needs to nurse competencies [Edwards] Feb:88

Pediatric and neonatal nurses get "one more hand" [French] Oct:96

When the 'evidence' in evidence-based practice is ignored: a time for advocacy [Alspach] Aug:10

Nutrition
Nutritional assessment in the critically ill [Trujillo] Feb:67

Nutrition support for the mechanically ventilated patient [Parrish] Feb:91

Organ Procurement
Communication coordinator boosts organ donation rates [French] Aug:96

A critical pathway: guiding care for organ donors [Holmquist] Apr:84

Determination and referral of potential organ donors and consent for organ donation: best practices—a blueprint for success [Ehrle] Apr:21

Non–heart-beating organ donation: an answer to the organ shortage [Lewis] Apr:70

The role of the critical care nurse in the donation process: a case study [McCoy] Apr:48

Organ Transplantation
Xenotransplantation: the potential and the challenges [Bloom] Apr:76

Psychiatric aspects of transplantation: evaluation and selection of candidates [Crone] Feb:79

Psychiatric aspects of transplantation: preoperative issues [Crone] June:51

Psychiatric aspects of transplantation: postoperative issues [Crone] Aug:28

Patient Education
Preventing prehospital delays in seeking care for acute myocardial infarction [Alspach] Oct: 10

Patient Record Systems
Integrated patient records benefit both patients and the healthcare team [Petterson] Apr:120

Pelvic Exenteration
Cervical cancer: caring for patients undergoing total pelvic exenteration [Ruth-Sahd] Feb:46

Pet Therapy
Implementation of a pet visitation program in critical care [Giuliano] June:43

Publishing
Become a *Critical Care Nurse* publishing partner [Alspach] Feb:14

To prospective *Critical Care Nurse* authors: your publishing partner is waiting to help [Alspach] June:16

Reperfusion
New era of reperfusion in acute myocardial infarction [Kline-Rogers] Feb:21

Revascularization
Early extubation and early activity after open heart surgery [Patterson] Oct: 27

Respiratory Distress Syndrome, Acute
Prone positioning in patients with acute respiratory distress syndrome [Klein] Aug:66

Spirituality
Spirituality and the use of an intensive care unit on-staff/on-site chaplain [Evers] Aug:62

Tissue Donors
A critical pathway: guiding care for organ donors [Holmquist] Apr:84

Trauma
Blunt chest trauma [Flynn] Oct:68

Trust
Developing trust and connection with patients and their families [Day] June:66

Ultrasonography
Using a portable ultrasound bladder scanner in the cardiac care unit [Sulzbach-Hoke] Dec:35

Ventilation, Mechanical
Weaning from short-term mechanical ventilation [Hanneman] Oct:86
